

## What are Office Hours?

Need Help? Whether you don't understand a concept from your CS class or you need help with a personal development project, the Co-Lab is here to help! The Co-Lab holds regular office hours where our student consultants are available to answer questions about your project in their area of expertise. Co-Lab Office Hours are staffed by our group of student developers - see below for our schedule and our students' expertise. All student developers should be working at a table in the main lobby labeled "Co-Lab Office Hours".

Full-time Co-Lab Development Team staff are also available by appointment.

## Who are the FTEs?

### Management Team

- Danai Adkisson: Software developer

### Development Team

- Zhichen Guo Liao: Software developer
- Sandra Lasso: Front End Developer
- Alexi Sparko: Software Developer
- Anni Yan: Software Developer

## What are the Walk-in Office Hours?

Our student developers are available for walk-ins at the Technology Engagement Center (TEC). Upon entrance of the building, turn right and look for the table with the rainbow chairs to find the student on duty.

## Who are the Student Developers?

Check out our students' expertise below to find the best fit for your needs. For full time developers' help, check out our Team's page (by appointment only).

Which Student Developers are currently available?
